Discuss design questions from FST

Committee reviewed possible adjustments presented by FST

Possible adjustments include:

- 35 Pomeworth. Moving trail closer to Center of ROW
- 47 Montvale- moving as far to the northern side as possible and centering between property line tree to allow for green space on both sides of trail. FST mentioned they also have to move crossing due to new driveway at 51 Montvale but did not submit details.
- Pleasant to Gould. It is possible to gain about 1-2 feet but green space is not feasible.
- Rec Park. Fields appear to have moved since 75% plans drawn. Will have the survey look at this area to check on issues of accommodating both fields and trail.

Committee voted 7 to 1 in favor of changes proposed by FST, with the preference not to displace trees near Montvale, if possible.

Review 21 Mansion Site Plan- postponed as could not obtain copy of site plan.
